

DRAFT QUESTIONNAIRE / SURVEY for

_____ (*DPPI SEE Parties*)

1. Which types of hazards are you going to consider?

| Technological | Natural | Man-made |
|----------------------|----------------|-----------------|
| | | |

(It is preferable to consider the most important category from your perspective)

2. What type of risk assessment are you carrying out?* (Please tick the correspondent box).

| | YES | NO |
|---|------------|-----------|
| Qualitative (with textual description) | | |
| Semi quantitative (with figures, matrices, graphs, tables and their explanations) | | |
| Quantitative (without any textual parts related to the risk assessment) | | |

3. Which elements at risk you consider in the risk assessment methodology? (e.g. buildings, infrastructure, humans)* Please specify.

(If you have any other elements please specify them)

4. Which type of losses you consider as consequence of hazardous events? (Direct losses, e.g. lives lost; buildings, infrastructure or indirect losses, e.g. business interruption, impact on tourism, etc.)*

5. What are the criteria to determine acceptable/tolerable risk in the process of risk assessment in your country?* (Please tick the relevant boxes)

| RISK CRITERIA | YES | NO |
|--|------------|-----------|
| Lowest probability of occurrence | | |
| Maximum monetary loss | | |
| Maximum number of individuals affected | | |

| | | |
|--|--|--|
| Maximum lives lost | | |
| Maximum days of business interruption | | |
| Affected critical infrastructure/lifelines | | |
| Cross-border impact | | |
| Other (please specify) | | |

6. Are you considering single or/and multiple hazards? (If you will consider multiple hazards please specify the combinations)

7. In case of single hazards please specify, according to the criteria mentioned above, the hierarchy of these hazards (from the highest to the lowest as importance, on the scale of your own risk assessment):

(Any other form of response, like charts, tables or diagrams are also accepted)

8. In case of multiple hazards please specify, according to the criteria mentioned above, the hierarchy of these combined hazards (from the highest to the lowest as importance, on the scale of your own risk assessment):

(Any other form of response, like charts, tables or diagrams are also accepted)

9. In case of cross-border hazards, please specify for every considered type of hazard or combination of hazards the following:

- **Hazards**
 - o **Simple**
 - o **Multiple**
- **Risk Criteria**
- **Common area affected (specify especially potential DPPI affected countries)**

(For example:

- Hazard / Simple – Floods
- Risk criteria – number of individuals affected
- Common area affected – an area of 20 square km or 5 km depth from the border between X and Y)

10. Training needs identification:

| | | | | | |
|---|--|--|--|--|--|
| Technological Hazards | | | | | |
| Estimated number of participants | | | | | |
| Level | | | | | |

| | | | | | |
|---|--|--|--|--|--|
| Natural Hazards | | | | | |
| Estimated number of participants | | | | | |
| Level | | | | | |

| | | | | | |
|---|--|--|--|--|--|
| Man-made Hazards | | | | | |
| Estimated number of participants | | | | | |
| Level | | | | | |

Level: beginner, intermediate, advanced; perfection of the training (or other classification)

11. Necessary themes to be addressed for (Country name)

| | | |
|------------------------------|-------------------------------|--------------|
| Technological Hazards | Themes to be addressed | |
| | Prevention | Preparedness |
| | | |
| | | |
| Natural Hazards | Themes to be addressed | |
| | Prevention | Preparedness |
| | | |
| | | |
| Man-made Hazards | Themes to be addressed | |
| | Prevention | Preparedness |

| | | |
|-------------------------|-------------------------------|--------------|
| | | |
| Multiple hazards | Themes to be addressed | |
| | Prevention | Preparedness |
| | | |
| | | |

Please mention other possible themes:

12. You agree with the future creation and utilization of a database of experts at DPPI SEE level for training purposes?

| | |
|------------|-----------|
| YES | NO |
|------------|-----------|

Experts – people nominated by the DPPI Parties with field experience that can be used in the training programs as instructors and/or lecturers.

13. Proposed training program by(Country Name)

| Training Program | Themes |
|-------------------------|---------------|
| | |
| | |

This is an initial draft. For points to be introduced or clarified, please make the necessary observations. Thank you.

* These questions were taken from an on-line document developed by National Directorate General for Disaster Management University of Vienna - Risk Assessment Questionnaire SEE RISK (under South East Europe Transnational Cooperation Programm, SEERISK, Program co-founded by the European Union) -
